

CA Life Activities

For all Districts, Assemblies, and Councils:

More information will be coming out about the **California Bishops' VISION initiative**, but here is a prelude. Much more information and action items for the California Knights will be forthcoming, but bottom line, our Bishops are looking forward to all the California Knights of Columbus' help in these areas. This will become part of the Pregnancy Center Support Life Program, but as this is more fully structured other Program Areas may be impacted.
